COMMENTS INVITED ON APPLICATION OF VERIZON LONG DISTANCE AND VERIZON ENTERPRISE SOLUTIONS TO DISCONTINUE DOMESTIC TELECOMMUNICATIONS SERVICES

WC Docket No. 07-120
Comp. Pol. File No. 799

Comments Due: June 27, 2007

Section 214 Application

Applicants: Verizon Long Distance and Verizon Enterprise Solutions

On May 24, 2007, Verizon Long Distance and Verizon Enterprise Solutions (collectively Verizon or Applicants), located at 1320 North Courthouse Road, Arlington, Virginia 22201, filed an application with the Federal Communications Commission (FCC or Commission) requesting authority, under section 214 of the Communications Act of 1934, as amended, 47 U.S.C. § 214, and section 63.71 of the Commission's rules, 47 C.F.R. § 63.71, to discontinue the provision of a certain domestic telecommunications service throughout the U.S.¹

Verizon indicates that it currently provides an audio call conferencing service, called "Conference Connections Service," to customers located throughout the country. Verizon explains that Verizon Conference Connections is a service that provides voice conferencing capabilities and features that link calls onto a single, interconnected bridge, and that it includes reservation-less conferencing capabilities. Verizon further explains that there are no recurring charges for this service and that customers are only billed when they use the service. Verizon states that it now plans to discontinue this service on July 13, 2007. Verizon maintains that customers may migrate their service to the Audio Conference service offered by Verizon Business, and that other providers also may offer audio conferencing services. Verizon asserts that it provided notice of its planned discontinuance to affected customers via U.S. Mail on May 17, 2007. Verizon further asserts that it is non-dominant with respect to the service being discontinued.

In accordance with section 63.71(c) of the Commission's rules, Verizon's application will be deemed to be granted automatically on the thirty-first (31st) day after the release date of this public notice, unless the Commission notifies Verizon that the grant will not be automatically effective. In

¹ This application was subsequently received in the Competition Policy Division of the Wireline Competition Bureau on June 4, 2007.

Verizon's application and notice to customers, Verizon indicates that it anticipates discontinuing service on July 13, 2007. Accordingly, pursuant to section 63.71(c) and the terms of Verizon's application and notice, absent further Commission action, Verizon may terminate service throughout the U.S. on **July 13, 2007**. The Commission will normally authorize proposed discontinuances of service unless it is shown that customers or other end users would be unable to receive service or a reasonable substitute from another carrier, or that the public convenience and necessity would be otherwise adversely affected.

This proceeding is considered a "permit but disclose" proceeding for purposes of the Commission's ex parte rules, 47 C.F.R. §§ 1.1200-1.1216. Comments objecting to this application must be filed with the Commission on or before **June 27, 2007**. Such comments should refer to **WC Docket No. 07-120 and Comp. Pol. File No. 799**.
